Delivery to 98% of customers across Canada within two business days

Same day shipping by 3pm

ISN processes and delivers truckloads of customized orders across the nation. Sophisticated logistics, strategically placed warehouses and a technology base entrenched in unique systems is what makes ISN successful.

See ISN's complete Freight Terms at www.toolweb.ca/shipping

PLEASE NOTE: All prices are subject to change at any time without notice.

Due to recent Tariff changes by the U.S. Government, it may be necessary to implement a Force Majeure pricing event on certain products. This advertisement was prepared in advance, therefore, merchandise availability could be limited and is subject to the delivery schedule of the manufacturers. Advertised items may not be stocked by all locations. We are not responsible for typographical, pictorial, or pricing errors.

Products advertised within this publication may contain chemicals known to the State of California under Proposition 65 ("P65") to cause cancer, birth defects or other reproductive harm. Many products are noted with a P65 WARNING; however, the warnings may not apply to all items. Further, as this is a new regulation and all vendors may not have yet identified their products as subject to P65, all items that need a warning may not be noted. Contact the manufacturer for specific details regarding P65. We appreciate your understanding as we navigate these new requirements.

CAUTION:

Always wear appropriate safety equipment and observe safety advice and proper use of equipment as instructed in warning and caution labels and operating instructions.
